Sub Assembly**

CORPORATE PROFILE

Thank you for the opportunity to allow us to introduce the capabilities of Macroline Sdn. Bhd. to you.

We dedicate our team of skilled and experienced staff towards our stated goals of:

**PROACTIVE
SERVICE
TO THE
CUSTOMER**

**ZERO
DEFECTS**

**ON-TIME
DELIVERY**

We are creative and flexible to the needs of our clients; be it in-house manufacture or being an integral part of the client's site. Through our commitment to providing cost effective solutions we have built the reputation of being fast, reliable and value adding. The foundation to this is use of the 8 elements of ISO9001:2000 and our finished goods packaging to JEDEC/EIA standards.

**An unwavering
passion for Quality,
Service and
Customer Focus...**

Our core services are Programming and Taping Services and these are supported by our extensive experience and dedication.

Our centre can program a wide range of programmable devices and our extensive programming sockets enable us to support the majority of package types and devices.

But programming is only part of the story. We provide same-day first article sample turnaround and a can-do attitude to engineering support. Our secure server storage gives our clients peace of mind and the knowledge that all revisions and updates are tracked. A must for error elimination.

**Providing
the services
you need,
when you
need them!**

Supporting our core capabilities are a full range of additional service.

Need kitting, baking and special packaging? No problem!

Need custom labeling and serialization? No sweat!

**Need onsite debugging?
We are with you all the way!**

As our Quality Policy states you are at the centre of all that we do:

Macroginie is committed to provide services with the expected quality, on-time delivery and cost effectiveness solution through continual improvement on technological and manufacturing excellence.

**We never stop in
adding value to
our clients...**
